The Title of
Your Project: Families In Need

The Date of
Your Project: 11-30-2017

Project
Description:

The Council became aware of two families sharing the same domicile with a total of 11 children between them. Both families are led by 'single mom's', with the respective fathers 'out of the picture'. The families lack, or, come up short of many of the basic necessities of life that we take for granted, including food, clothing, and a bed to sleep in. We were told by a nurse that has regular contact with the families, that some of the children sleep directly on the floor, while others share a mattress.

A collection was taken up for the families at a council meeting. From the money collected, we were able to purchase and install a used washer and dryer. One brother donated a bed. In addition, the children were supplied with winter coats. The remaining funds have been/will be used to meet other basic necessities (clothing, shoes, etc.).

A follow up note: Many of our Moravian neighbors have continued to come to subsequent Fish Fry dinners during Lent.
